Welcome

CIOSTA, CIGR, EurAgEng, and Aarhus University invites you to the XXXV CIOSTA & CIGR V Conference in Billund, Denmark.

The CIOSTA conferences focus on the optimisation of bio-production management and work organisation based on system engineering approaches and innovative technologies.

CIOSTA President, Prof. Dionysis D. Bochtis

CIGR Section V Chairman, Prof. Claus G. Sørensen

July 3rd -5th, 2013 at

Special Sessions and Events on Lego Mindstorms in bio-production operations

Topics

- Service robots in bio-production systems
- Field machinery management
- Traceability systems
- Biomass and agri-food supply chains
- Decision support systems
- System analysis and design
- Precision farming based operations planning
- Information management systems
- Processing, post-harvest technology
- Livestock management
- Labour, Ergonomics, Safety and Health

Abstract submission deadline: January 31st, 2013
